〈Labyrinth Disease〉 - A most dreadful disease afflicting only girls, a disease that engulfs everything into a labyrinth. He was then invited by his classmates, Mizuiro Gunjou and Hishiro Shiro, respectively, to join their war teams. However, his reply was, 「I'll join whoever pays more.」, enraging both of them. In the midst of that, the school announced that a diseased girl had appeared. The first hour period of the lesson for the purpose of killing the girl starts.

黙示録アリス

Now, let's start a lesson in killing the girl!
1. The Girl's Profile
SFX: FLIP
Her name is Asahi Momoka. 14 years old.
Third year in Miyasaka Middle School. Family members— Father, Mother, little sister. Quite popular in school.
No boyfriend.
Location of disease onset—

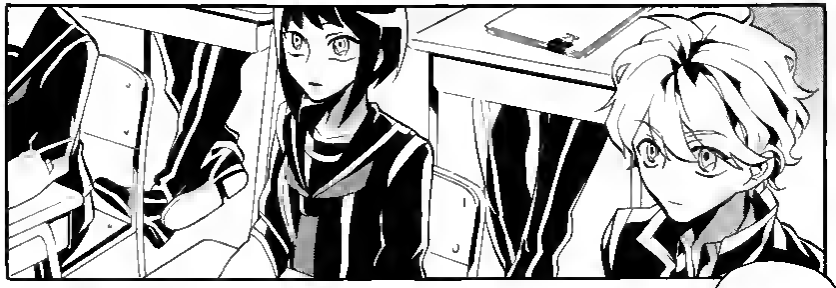
Location of disease onset—

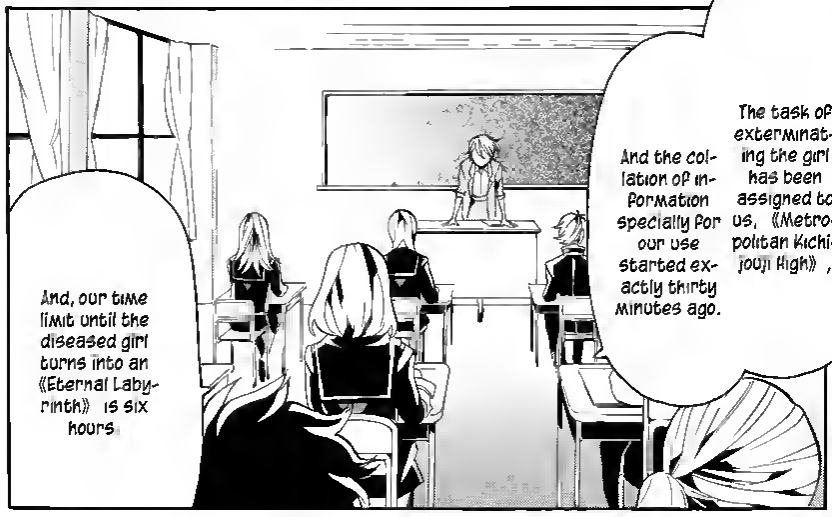
『Kanagawa Prefecture, Yokohama City, Kanagawa Ward』

—haha, right out of the gate you're telling me that the disease manifested right in the middle of a city of three million people?
Stop right now!!
Who said you can start reading the documents!? Arisu Shinno-suke,

The girl who had an onset of the labyrinth disease was discovered three hours ago.
The scouting corps were sent out, and it was just two hours ago that they knew the labyrinth brought forth by the girl is an age-limited labyrinth —
An age-limited labyrinth is governed by a rule that allows only people below a certain age to enter.

5





The task of exterminating the girl has been assigned to us, 《Metropolitan Kichijouji High》,
And the collation of information specially for our use started exactly thirty minutes ago.
And, our time limit until the diseased girl turns into an 《Eternal Labyrinth》 is six hours.

I think this is a waste of time.
Since a genius like me will be participating, we'll succeed in killing the girl anyway.
What is it, Mizuiro Gunjou?
In other words, we'll learn about the labyrinth created by the girl in the first five hours, and efficiently kill the girl in the remaining hour
But, we have a transfer student this time.
Ah-ha, as usual, you're brimming with confidence, huh?

6

Well, we don't have much time, so let's continue with class
Turn to the first page of your documents.
The level of difficulty of this labyrinth isn't high— according to current investigations, it's about rank 0.4, they say.
Is she a kid?
I don't think that piece of newly transferred trash will be of much use!!
Ah-haha. What's with that? Did something happen between the two of you?
Nothing happened!!

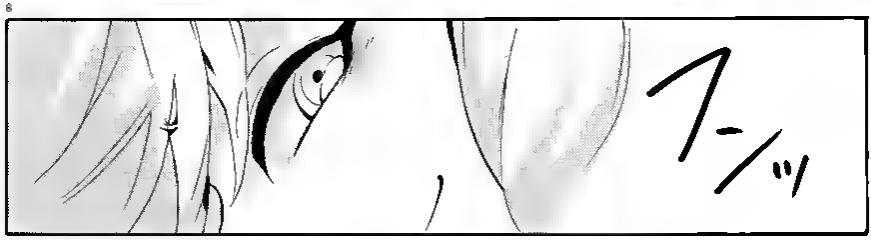
黙示録アリス

Hey, Sensei!! Who are you calling idiot Gunjou!!
So, if you guys stick to the usual, you should clear it easily.
It'll be a breeze as long as you don't get too full of yourselves, like that idiot Gunjou.
Understand? Keep that in mind and turn to the first page.

!!?
Yo-Yokohama!?
For real...
Huh...
I-If we fail in this...
That's right.

It's inexcusable to not reach the diseased girl in time.
If we make a mistake, tens of thousands to hundreds of thousands of people in that area will die.
Besides, if the girl turns into an 《Eternal Labyrinth》, its difficulty level will be upped at least tenfold.
The crux of the problem is really the time limit, huh...
SNAP
SNAP
All right, everyone.

Could you guys not get swayed by just this? It's only rank O.A, right?
This is below a tenth of that.
We can clear it within the span of a breath.
You should all know that I have raided a rank 10 《Eternal Labyrinth》 and brought back its magic technology, right?
If you all follow me, no one will die, so rest assured.
If Gunjou's with us...
Yeah



フーッ

First hour —

Please study the girl's profile.

Thus, the labyrinth she created seems to have a form that resembles a 『School』
A gigantic closed down school with multiple levels.
A great number of the soft toys she loved are patrolling the inside of the school, and will probably attack any infiltrators in order to protect their Mistress!
The number of levels above ground and the number of levels below ground is still under investigation.
She loved school and was a popular girl.
She loved soft toys and had a collection of them.

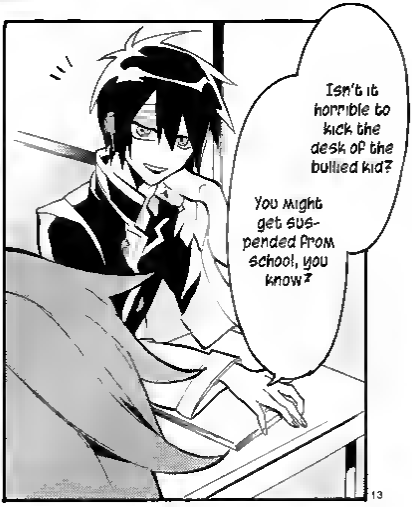
But still
Mother had her license suspended for speeding at th
Father goes by y name at work
though she was more or less brought up in a happy environment
There's also other meaning-less data.
Everything was over when she contracted the labyrinth disease.
We've come to the end of the first-hour period. You can take your individual breaks now.

Hey, kid who's being bullied.
What a kid.

— First Break —
Hishiro Shiro

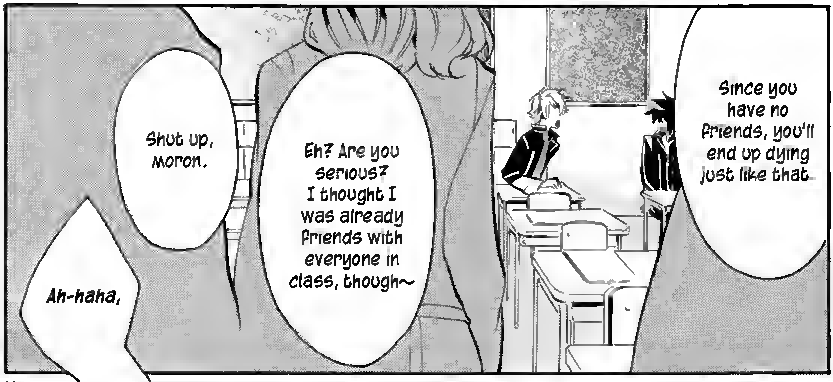
SFX: BAM
Don't ignore me.
Oh my.

What on earth do you want?



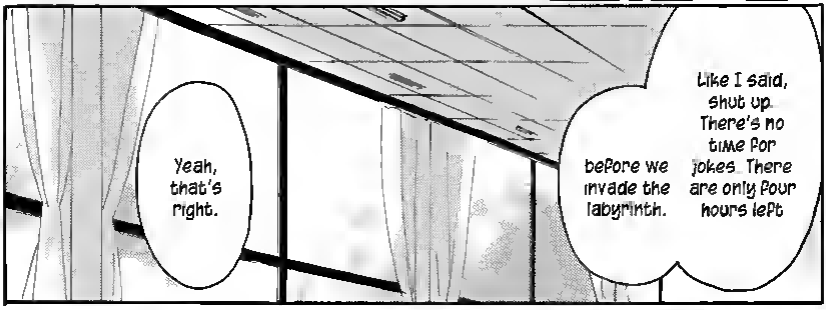
Isn't it horrible to kick the desk of the bullied kid?
You might get suspended from school, you know?

Once you enter the labyrinth, you won't be able to survive on your own, you know?
Those with no comrades die.
So?
Oh, I see

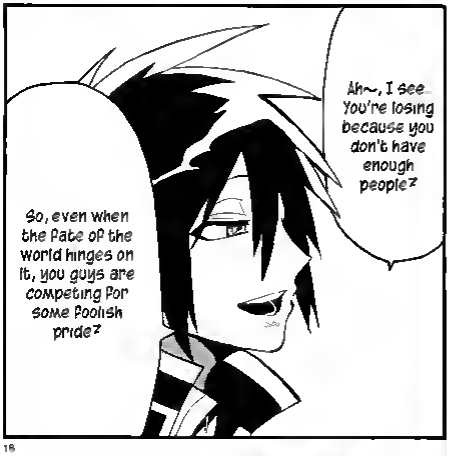


Since you have no friends, you'll end up dying just like that.
Eh? Are you serious? I thought I was already friends with everyone in class, though~
Shut up, Moron.
Ah-haha,
Ha.

I'll protect you,
So join me.
Is that a request from a friend?
Oh my, you'll make me blush if you give it to me straight like that.

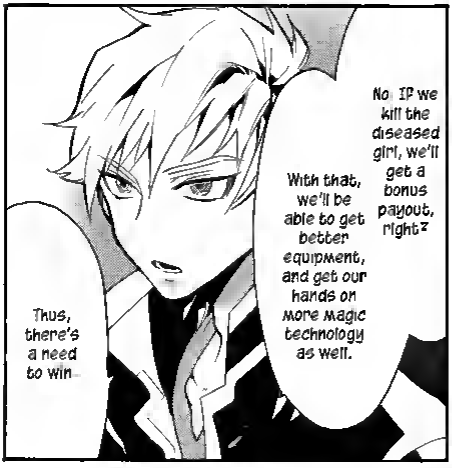


Like I said, shut up. There's no time for jokes. There are only four hours left before we invade the labyrinth.
Yeah, that's right.



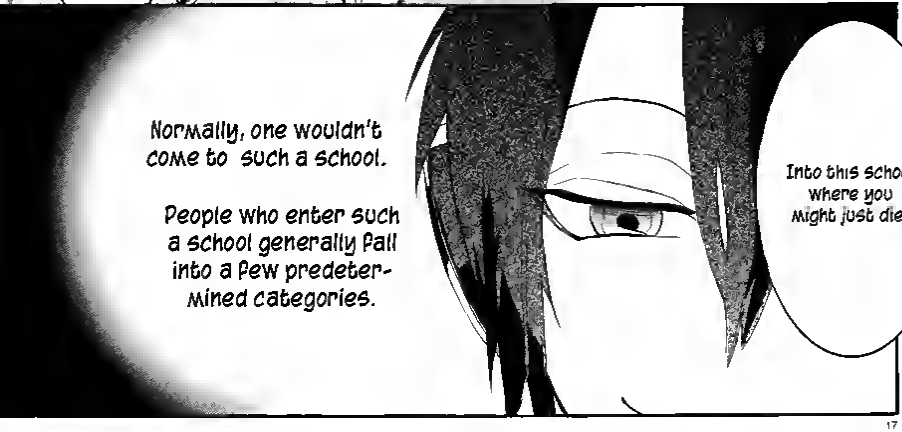
Ah~, I see. You're losing because you don't have enough people?
So, even when the fate of the world hinges on it, you guys are competing for some foolish pride?

Right now, my team has three people, including myself.
If you join, we'll have four people and we'll be able to kill the diseased girl before Gunjou



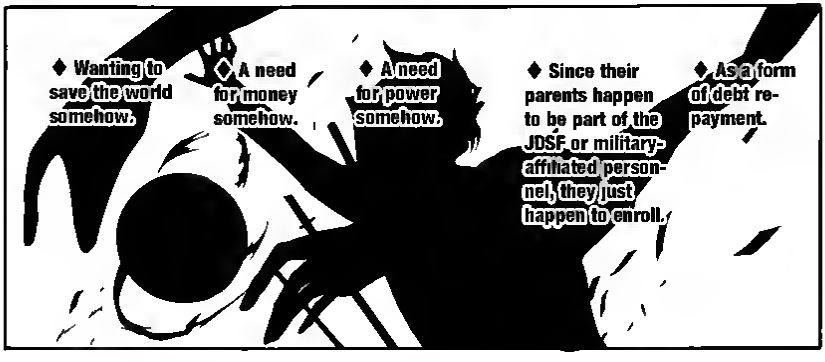
No. If we kill the diseased girl, we'll get a bonus payout, right?
With that, we'll be able to get better equipment, and get our hands on more Magic technology as well.
Thus, there's a need to win.

Look at those teenage kids having fun.
You can go on with life even without becoming strong, right?
Just look at the schoolyard
... but why're you trying to become strong?
.....
And yet, what is it that you seek beyond power?
Why did you enroll into this school?



Normally, one wouldn't come to such a school.
People who enter such a school generally fall into a few predetermined categories.
Into this school where you might just die.

17



♦ Wanting to save the world somehow.
♦ A need for money somehow.
♦ A need for power somehow.
♦ Since their parents happen to be part of the JDSF or military-affiliated personnel, they just happen to enroll.
♦ As a form of debt repayment.

How about you?
Why should I babble about myself to a stranger like you?
I wonder which is the case with Shiro.
You want me to be your friend, right? And you want to beat Gunjou.
Then you should just start with revealing about yourself for now.
Do you want to save the world that much?

My big brother went to this school.
To repay my parents' debts.
SIGH
... All right, very well. But you're going to join me after listening to me, get it?
My big brother died, and the debts were absolved.
Our family was thus freed.
But I heard that big brother had been used in some kind of experiment.
Thus, I started my own investigation.
If he died in a labyrinth and his body was lost as result, then it couldn't be helped. But, there were too many suspicious points.
I inquired at this school to find out about it, but they never got back to me.
We never even got back his body.
..., hmm. In other words, it's for revenge?

As far as both of us having a family member who was
At the mercy of the Labyrinth Disease
He might just resemble Me (Only just a little.
I agree with that.
Well, let's just start with that.
Without power, I can't protect anyone.

Well, is this enough?
That is, of course, provided that everything Shiro just said is true, but...

Huh?
Don't want to.
Now you can join me

黙示録アリス

DAMN YOU! IF YOU TAKE ME TOO LIGHTLY, I'LL KILL YOU.
commotion

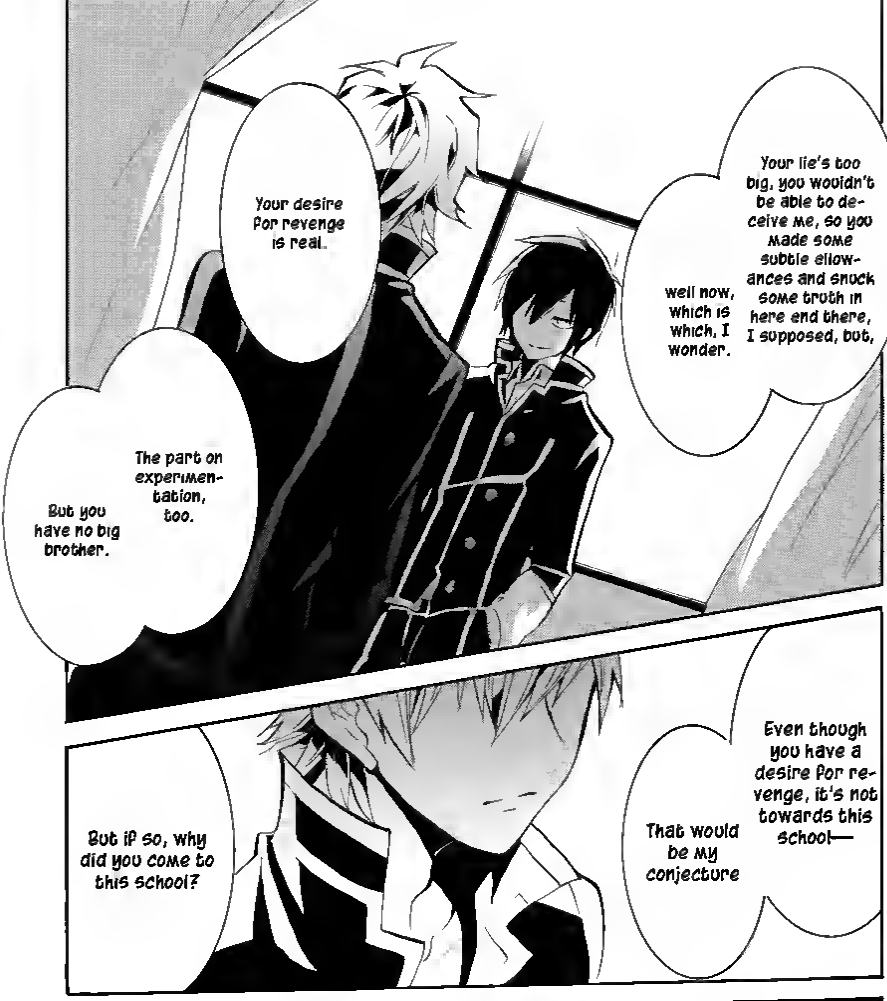
Oh myyy, Shiro, you're really violent. Frankly, I'm really scared and don't want to be friends with you.

Aren't you the one at fault here, damn you. You're the one who asked me to talk, so what's the deal with changing the agreement?
Agreements aside, weren't you the one who didn't keep your end of the bargain?
Your story is a lie, right?
Huh?

I wonder if that big brother of yours really existed.
Of course.
You have no big brother.
That's a lie.
Assuming you really do have an older brother—
Assuming you really did come to this school for revenge,
Then, a person like you who goes around shooting his mouth off about it probably has an empty skull, but...
I just don't see how you could be such an idiot.
Thus, there can only be one conclusion.
スッ
You lied.

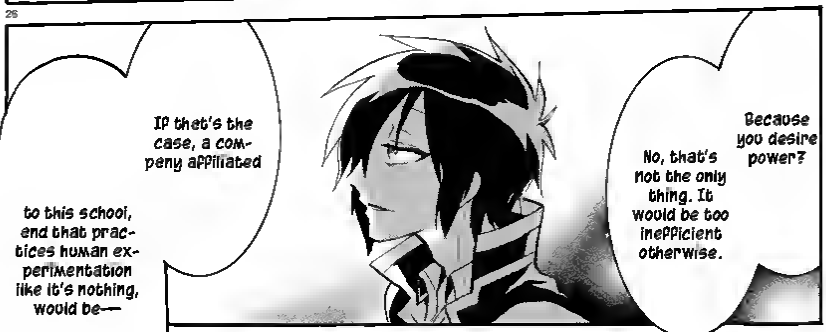
WTF are you trying to do?

I wonder what's with those red eyes.
At the very least, a normal human wouldn't have such red eyes, right?
In other words, that older brother
whom you said was experimented on...
Don't tell me, is it actually you, Shiro?



Your lie's too big, you wouldn't be able to deceive me, so you made some subtle allowances and snuck some truth in here and there, I supposed, but,
well now, which is which, I wonder.
Your desire for revenge is real.
The part on experimentation, too.
But you have no big brother.
Even though you have a desire for revenge, it's not towards this school—
That would be my conjecture
But if so, why did you come to this school?

28



Because you desire power?
No, that's not the only thing. It would be too inefficient otherwise.
If that's the case, a company affiliated
to this school, and that practices human experimentation like it's nothing, would be—

Taikou Pharmaceuticals

EEEEEEK!!

... you are pretty talkative yourself huh, buddy.
You'd kill off anyone who's talkative
Fine. Let's do it. But I'm probably the stronger one
SFX: SNAP
Shut up and disappear.
Penitence Severance switch.

Kidding.

From your reaction speed alone, I could tell that you're pretty skilled.

I wonder. We won't know until we fight it out.
If we went at it for real, you'd just be put to shame, though.
Yeah. I now know that you have some ability.
You were testing me?
Lend me that power of yours in the labyrinth.
31
You want me to tell you about my background? Ah~, I see Like you said, I'm here for revenge.
But, you never told me what I wanted to hear.
I won't do anything bad to you. Our interests should be aligned.
It's true, I'm telling you.
Smells like a lie.
So, join me.

I need power to carry out my revenge. But I can't tell you who I want to take revenge on, nor would I.
If I'm a loose-lipped idiot, you won't want to follow me, right?

I only believe in money
and
I have no intention of trusting anyone else.
Shiro, I'm mistaken. Loose-lipped or not, I have no intention of following anyone.

in myself.
squeeze
All right.
I know that you have to get me on your side to beat Mizuiro Gunjou.
So I shall become your friend.
Heh, you're a surprisingly nice guy...
However,

Huuh?
If you reject my proposal, then I'll go negotiate with Gunjou.
She's rich, and will surely buy me.
When that happens, you'll lose again.
Your desire for revenge looks questionable to me, you see.
For each labyrinth raid, my friendship charge will be—
can you pay me? My friendship
can be bought with money.

Six million, how's that?

Well then, the deal's off.
Goodbye
Slide off
No good?
Too high?
.....
I'll pay, just once for now.
SFX: GRIP

You will be under my command. Follow my orders.
Oh my, aren't we supposed to be friends?
Shut up, trash

All right, we're starting the second-hour period!! We don't have much time! So sit down! Now!!

I'm ok with being trash.
At any rate, I need money
Money for the purpose of raiding Apocalypse Alice
and...

The guy who sells his friendship for money, Shimnosuke—what's his ultimate purpose?
